

Article in Greene County Record February 2, 2017

The Public Safety Foundation of Greene County is a tax deductible non-profit that raises funds to help accomplish projects that enhance public safety and community well-being for all in the County. PSFGC has contributed funds to help establish the KidsKard program by the Sheriff's Office, buy crisis response kits for the County school system, outfit Auxiliary Deputies with Kevlar vests and financially support the programs of the Youth Development Council. More recently, the Foundation has provided funds for the Youth Academy, Greene Alliance assistance for needy families, the Bike Safety Rodeo, materials for establishing Neighborhood watch programs in several Greene subdivisions, funds to help the Dyke Fire Department's Fire Safety Open House, and funds to complete the installation of blackout security curtains in all classrooms of the Greene County school system.

The Foundation welcomes suggestions from the community for projects they believe would enhance public safety and community well-being and thus warrant PSFGC support. To discuss project proposals, contact Carl Schmitt, President, on 985-9815 or cschmitt@firstnetva.com or Michael Martin, Executive Director, on 531-5466 or michael@duke-marketing.com. For further information on the PSFGC, see the Foundation's Web Page, www.psfgc.org. Donations can be made to the Public Safety Foundation of Greene County, 10005 Spotswood Trail, Stanardsville, VA 22973
